Nice 2.52 acre tract has several great build sites on rolling, wooded hills. With a good slope for a walkout basement home, or build at the bottom with flat land. This is a quaint mountain development just off Hwy 11, its out in the country, but still easy access to Travelers Rest or to the NC mountains to the north. It is private and secluded, perfect spot to get away from it all. A well and septic system will be needed.
